Our Vision, Our Mission

We believe that everyone can succeed in a safe and nurturing learning environment through positive partnerships between parents, schools, and the community.

Our mission is to create a K-12 system that strives to empower students to be independent, responsible life-long learners who value personal integrity, academic achievement, and have a global impact.

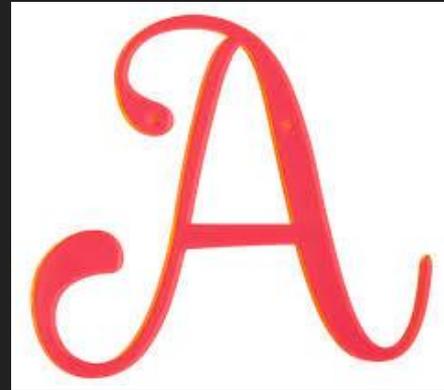

Just the Facts

This year the City of Cape Coral Charter School Authority will celebrate it's 14th year of operation. Currently powered by more than 3,496 students, educators, and support staff, our K-12 charter school system is the stuff dreams are made of.

Our entire K-12 charter school system has been designated an “A” school by the FL Department of Education, which ranks schools by student performance.

Oasis High School is only ten years old. However, since we opened the doors our graduation rate is

This is the most important takeaway that everyone has to remember about what our principals have shared...

WE ARE WINNING!

Parents and students spoke and we listened. Our corrective actions throughout the system are already paying off.

Teachers are reporting higher classroom engagement. Parent communication routes are plentiful and easily accessed. Every classroom has a teacher that is focused and passionate about what they do. Our sports teams are flourishing, and we are adding as many extra-curricular activities as fast, and as safely, as we can.

WE ARE WINNING!

It's no wonder our system's morale is up! We have never been more focused, more united, and more supported by the City and community stakeholders than we are right now!

And we aren't on pause; we have one more path families can take to better understand the expectations and agreements of our Charter School Authority. It's called the "Parents & Guardians Group."

Parents & Guardians is our system-wide parent, guardian, and stakeholder focus group with the sole intention of bridging communication with school leadership. We want to help clarify issues, understand governing policies, and maintain our charter school system's vision through cooperative

P&G offers one more avenue for accurate and timely information.

We know our parents and guardians are highly involved in their child's academics and welfare.

We also know sometimes it's easier and more comfortable to speak with another parent.

MOVING FORWARD

“Four Schools, One Vision”

Where do we go from here?

1. Communicate, communicate!
2. Stay involved; continue the excellence.
3. Share the Good News! Positive word of mouth will travel fast and far!

Thank you for joining us
tonight.
